Public Notice Concerning Kansas / Federal
Water Pollution Control Permits and Applications

State of Kansas
Department of Health and Environment
Division of Environment-Bureau of Water
1000 SW Jackson St., Suite 420
Topeka, Kansas 66612-1367

Telephone: (785) 296-6432 - Ag Permits
(785) 296-5517 - All Others

Public Notice No. KS-AG-17-282/287
KS-Q-17-172/174

Beginning Date: November 30, 2017
Comments Due: December 30, 2017

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the State by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Public Notice No. KS-AG-17-282/287

Pending Permits for Confined Feeding Facilities

<u>Name And Address of Applicant</u>	<u>Legal Description</u>	<u>Receiving Water</u>
Jerry Cox Jubilee Pork, Inc. 1206 Highway 383 Long Island, KS 67647	E/2 of Section 27 T01S, R20W Phillips County	Upper Republican River Basin

Kansas Permit No.: A-URPL-H005

Federal Permit No.: KS0094269

This is a permit modification and re-issuance for an existing facility with the proposed maximum capacity of 2,861 head (1,144.4 animal units) of swine weighing greater than 55 pounds and 2,950 head (295 animal units) of swine weighing 55 pounds or less for a total of 5,811 head (1,439.4 animal units) of swine. The total number of animal units has not changed from the previous permit. The facility currently consists of six enclosed swine buildings with underground concrete pits, one mortality composting area, and two earthen retention structures. Proposed modifications to the facility include the construction of a nursery building and a finishing building to replace a previous finishing building that was destroyed, and the construction of a new mortality composting structure. This facility has an approved Nutrient Management Plan on file with KDHE.

Kansas Permit No.: A-BBWS-S033

This permit is being reissued for an existing facility with a maximum capacity of 1,200 head (480 animal units) of swine more than 55 pounds. There is no change in the permitted animal units from the previous permit cycle.

Public Notice No.: KS-Q-17-172/174

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28 (b-g), and Federal Surface Water Criteria.

<u>NAME AND ADDRESS OF APPLICANT</u>	<u>RECEIVING STREAM</u>	<u>TYPE OF DISCHARGE</u>
City of Wilsey 409 Lyndon St Wilsey, KS 66873	Elm Creek via Unnamed Tributary	Treated Domestic Wastewater

Kansas Permit No. M-NE69-OO01 Federal Permit No. KS0089907
Legal Description: NW¼, NE¼, SW¼, S28, T16S, R7E and SW¼, SE¼, NW¼, S28, T16S, R7E,
Morris County, Kansas
Facility Name: Wilsey Municipal Wastewater Treatment Facility
Facility Location: 506 North Street, Wilsey, KS 66873

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is a two cell wastewater stabilization lagoon system. The proposed permit contains limits for biochemical oxygen demand and total suspended solids, as well as monitoring for pH, ammonia, and E. coli.

Nelson Quarries, Inc. PO Box 100 Gas, KS 66742	Neosho River via Flat Rock Creek	Process Wastewater
--	-------------------------------------	-----------------------

Kansas Permit No. I-NE78-PO01 Federal Permit No. KS0099210
Legal Description: SW¼, S36, T26S, R21E, Bourbon County, KS
Facility Name: Potterville Quarry

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is engaged in a limestone quarry operation with no washing. Outfall 001A1 and 002A1 consists of pit de-watering and stormwater runoff. The permit contains generic language to protect the waters of the state.

Marina Point Office Park, L.L.C. 1999 N. Amidon, Suite 375	Arkansas River	Process Wastewater
---	----------------	--------------------

Wichita, KS 67203

Kansas Permit No. I-AR94-CO63

Federal Permit No. KS0090654

Legal Description: NW¼, S7, T27S, R1E, Sedgwick County, Kansas

The proposed action is to modify an existing State/NPDES permit for an existing facility. This is an office building complex. On-site well water from the alluvium of the Arkansas River is used for non-contact cooling water for a heat pump. Approximately 93 - 163 gallons per minute is discharged from Outfall 001. A polyphosphate is added to the water to sequester iron in the source water and chlorine is dosed twice daily to control biogrowth. The proposed permit contains limits for total residual chlorine, as well as monitoring for flow.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Livestock Waste Management Section for agricultural related draft documents or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas 66612-1367.

All comments regarding the draft documents or application notices received on or before **December 30, 2017**, will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-17-282/287, KS-Q-17-172/174) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/ application. If response to any draft document / application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents / application and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m., Monday through Friday, excluding holidays.
